

REMARKS

This paper is responsive to the outstanding Office Action mailed July 17, 2006. After entering this response, claims 1, 26-33, and 37-40 are pending.

All of the claims currently stand rejected under the judicially created doctrine of obviousness-type double patenting over U.S. patent No. 6,736,133. A Terminal Disclaimer is included herewith. It is therefore believed that all of the claims are now in a condition for allowance which is hereby respectfully requested.

If the Examiner has any further questions or concerns he is invited to call the Applicant's representative at the below number.

Respectfully submitted,

FAEGRE & BENSON LLP
